WAR MAY YET BE AVERTED.

Turkey Not in Position to Engage in Conflict.

WHOLE AFFAIR A SURPRISE

British Government Astonished at Rapid Changes in European Politics Within a Week—France Has Es sayed the Role of Mediator With the Object of Preventing War Between Turkey and Bulgaria.

London, Oct. 6.—In the ancient capital of Tirnovo the independence of Bulgaria has been proclaimed, with the czar of the Bulgarians as a ruler. Czar of the Bulgarians is recognized to mean more than czar of Bulgaria, because it is distinct intimation that he regards his country as having sovereignty over all the people of that blood in the East. Within a day or two Austria-Hungary, which has been working with Prince Ferdinand in this preconcerted plan, will proclaim the new status of Bosnia and Herzegovina. The question, which has been stirring the whole of Europe more deeply than any similar question in the memory of the present generation, is, does it mean war? From all the capitals come reports indicating that it means first of all, another European congress of the signers of the treaty of Berlin to consider the situation and probably to revise the treaty. Turkey, caught in a moment of weakness, is the victim of this situation and while some internal animosities have been stirred up, probably no power is willing to make war. Reports from the emancipated Turkish press to London indicate that the "Young Turks" will swallow this bitter pill as best they can, and if they do, naturally the Bulgarians, while willing and eager for war, will have no cause on which to base the beginning of hostilities.

From the British standpoint the whole affair has been a surprise, and more than a surprise, because for the first time in years the British government felt itself, with apparently a perfect understanding with France and Russia and complete friendship with Italy, to be in a position where it dominated European politics, serving out of this consideration the almost enmity between itself and Germany.

Probably never in the history of Europe have politics taken such amazingly kaleidoscopic revolutions as during the past week. An entangling situation will come when the signatures of the Berlin treaty meet to consider what action shall be taken regarding the violations of the treaty. Great Britain has served notice that it does not recognize the right of any of the parties to this treaty to violate its provisions, without consulting the others, but English diplomats know that the conference will resolve itself into a scramble among the powers to get what is termed in European politics "compensating advantages" which Austria, backed by Germany, has already obtained.

TO PREVENT WAR.

France Has Essayed the Role of Mediator.

Paris, Oct. 6.—France has essayed the role of mediator with the object of preventing war between Turkey and Bulgaria, and as a result of Foreign Minister Pinchon's series of conferences with the representatives of the powers, including M. Iswolsky, the Russian foreign minister, Naoum Pasha, the Turkish ambassador to France, the Austro-Hungarian, the British, the American and the Italian ambassadors, and of active exchanges which have been going on between the various cabinets, it was announced that France, Great Britain, Russia and possibly Italy were prepared to act in unison to preserve peace and to call a conference of the signatories of the Berlin treaty to deal diplomatically with the situation that has arisen between Turkey and Bulgaria and to harmonize conflicting interests so

that fresh complications may be avoided.

Already certain tentative propositions as a basis for such conference have been forwarded to Constantinople and if the porte's assent can be secured it is regarded as certain that peace will be maintained. The nature of these propositions has not been disclosed, but it is understood that they involve the recognition of Bulgaria's independence as a "fait accompli."

The danger of war is believed to lie in precipitate action at Constantinople. Forced by the "Young Turks" party, which may fear a blow at its prestige if it acquiesces in the loss of Bulgaria, and by the military party which wants to restore the old order of things, it is feared that Turkey, although ill-prepared, both from a financial and military standpoint, may proclaim war. Should this be the case, the efforts of the powers will then be directed to limiting the war to Bulgaria and Turkey.

According to information received here Bulgaria would welcome war, as the Bulgarians are convinced that their army could march straight to Constantinople before the Turkish forces could be mobilized. The French government's Communiqué just issued, says:

"It is certain that France, Russia, Great Britain and Italy will do their utmost to judge what means will best attain this end. All depends on what will happen at Constantinople, and events which will now rapidly ensue might very shortly place the powers in the presence of "fait accompli," and completely modify the aspect of affairs."

The idea of an international conference charged with the duty of deciding upon a revision of the treaty of Berlin, would seem to be put forward with a certain persistence in certain political circles. However, the disposition of Turkey in that respect must be first ascertained. If Turkey is favorably inclined to this it is believed that the powers can easily reach an agreement on the principle of a conference, the initiative for which France, Great Britain and Russia will take. But these are only hypotheses which for the present must be regarded with reserve."

The view is now held here that there has been a double move on the part of Bulgaria and Austria-Hungary, these two countries acting together, and that Germany and Italy were advised of it in advance. Russia also received an intimation of the plan, but M. Iswolsky asserts that he was not yet fully into the secret and in some respects was misled.

GERMAN OFFICIAL VIEW.

Set Forth in a Statement That Has Just Been Issued.

Berlin, Oct. 6.—The German official view in the situation with regard to the Bulgarian independence and the annexation of Bosnia by Austria-Hungary is set forth in a statement which has just been issued. It says:

"Germany will not depart from its position of reserve while awaiting the decision of the Turkish cabinet with which the question of peace or war momentarily lies. It is possible that, despite its peaceful disposition, Turkey may be obliged to draw the sword with the virtually simultaneous issue of the proclamations of Bulgaria's independence and Austria's annexation of the occupied provinces. This did not result from conspiracy on the part of the two countries. Austria has the right of annexation according to the terms of the Berlin treaty; under this treaty Bulgaria does not possess rights."

The emperor still remains at Rostock, where he is shooting, and Chancellor von Buelow will not interrupt his vacation at Norderney.

Cuban Town Suffers From Storm. Havana, Oct. 6.—Baracoa, on the northeast coast, suffered severely from a heavy storm. The custom house, which was in the course of construction, and many other buildings were destroyed. An American schooner was wrecked, but the crew was saved.

Mr. Bryan insists that the Republican party has adopted or adapted all of his policies. In that case why should he be trying to defeat the Republican party?

CROWDS WANT TO HEAR TAFT

So Train Stops at Towns Not on the Schedule.

PLEASED WITH HIS RECEPTION

Republican Candidate Gratified at the Enthusiasm and Friendliness Exhibited in Kansas and Missouri. Thinks Latter State Will Become a Regular Resident Among Republicans.

Macon, Mo., Oct. 6.—Judge William H. Taft made three speeches in Kansas and thirteen in Missouri. Eight of the stops in the "show me state" were arranged upon urgent demands from towns through which the special was to have passed without stopping. This resulted in delaying the Taft special more than an hour and the big audience at this place had to wait until nearly 10 o'clock for the appearance of the candidate.

While the name Bryan was heard more than during any previous day of the trip, Mr. Taft's reception has been such as to cause him to express surprise and gratification, not only as to the number of people he has been able to address, but as to their cordial indication of friendliness. Speaking of his reception at several of the stops, Mr. Taft said:

"It is an augury that Missouri is going to 'show' somebody at the next election that she does not intend to remain a mysterious stranger, but will become a regular resident among Republicans."

Throughout the day Mr. Taft hampered away on the necessity for the voters of the country to understand that a Democratic tariff revision meant a destruction of the market and prices of the product of the farm; that Republican revision meant a continuation of present prices and prosperity. He told the Missourians about the Bryan proposition with respect to the trusts—that the Nebraskan would destroy them by putting trust-made articles on the free list and by making a law prohibiting a trust from manufacturing or controlling more than 50 per cent of any article. While such a law, Mr. Taft believed, would be very difficult to enact, he predicted that its enforcement would be most disastrous.

Taft's Definition of a Democrat.

At South St. Joseph Mr. Taft was led into giving his definition of a Democrat, because of the introduction he received to a large gathering of stock yards employes, by John Donovan, president of the stock exchange at that place. Mr. Donovan is a Democrat. Replying to Mr. Donovan's introduction, Judge Taft said:

"Mr. Donovan says that he is a Democrat. That is only an historical designation. It does not refer to existing conditions, because there are so many definitions of what a Democrat is and ought to be, that when a man says he is a Democrat, it does not indicate how he is going to vote."

Rain began falling before the special had made its second stop and throughout the day the crowds which came to the railroad stations and to the meeting places braved a steady, continuous drizzle. The day's itinerary began with an extra meeting held on the steps of the public library at Kansas City, Kan. The crowd here was composed of thousands and the enthusiasm was marked. At Leavenworth Mr. Taft talked to many old soldiers from the veterans' home there and also to workmen. Atchison was the last stop in Kansas and gave the candidate a rousing farewell from the state, to which he promised to come again.

The entrance into Missouri was made at St. Joseph. The stock yards meeting was followed by a talk to the employes of the Burlington shops; an address to thousands at the union station; an automobile ride to the opera house, which was packed, and the entrance jammed with people. Here Mr. Taft made a general speech, in review of what his party had done in comparison with what the opposition had accomplished. The enthusiasm was marked and his utterances well received. Then telegrams began coming in from towns along the route and the requests for stops were acceded to. At Stanbury, which has but a small population, there was a big crowd, which was explained by the hundreds of farmers' conveyances hitched along the road. Darlington, McFall, Pattonsburg, Gallatin, Savannah, Rosedale, Bolckow and Barnard were all added places of call. Judge Taft also delivered addresses at Marysville and Chillicothe before his arrival in this city.

All of the blast furnaces in southern Illinois have been reopened, doing their share toward blasting Democratic hopes of success in that state.

STANDARD OIL CASE.

Trust Tries to Prove It Did Not Get Preferential Rates.

Chicago, Oct. 6.—Counsel for the defense in the suit of the government to dissolve the Standard Oil company introduced testimony before Judge Franklin Ferries in the railroad rate phase of the case tending to disprove the government's contention that the oil company was the recipient of preferential rates in the shipment of oil and oil products from its various refineries.

The only witness examined was Henry E. Felton, president of the Union Tank Line and the general traffic manager of the Standard Oil company, who contrasted the rates between Whiting, Ind., and Cairo, Ill.; Evansville, Ind., Jeffersonville, Ind., and Cincinnati, on the direct lines, and the rates by way of Detroit and Toledo in order to get business.

Figures presented by the defense showing the number of carloads of oil shipped from various Standard Oil refineries were objected to by the government and caused controversy between Attorney Rosenthal for the company and Frank B. Kellogg, special counsel for the government.

PACE WAS TOO FAST.

Engine of Sherman's Special Train Disabled.

Elkhart, Ind., Oct. 6.—In an effort to catch up with his schedule, James S. Sherman's special train, which traversed the entire length of the Hoosier state, made seventy-two miles an hour over a part of the route, one mile being reeled off in forty-nine seconds. The pace was so fast that the engine was disabled and the train was again delayed until another engine was secured. Nine towns were included in the day's itinerary, starting with Evansville and ending at Elkhart. Indianapolis, the home of the Democratic vice presidential candidate, John W. Kern, was visited for five minutes. In a brief talk, Mr. Sherman paid a tribute to Mr. Kern's personality and asked that his neighbors convey an invitation to him to be present at the White House on March 4 to witness the inauguration of a Republican vice president.

This sally of Mr. Sherman was greeted with much merriment.

ROOSEVELT SCORED BY JUDGE PARKER

Says Oil Trust Contributed to His Campaign Fund.

Baltimore, Oct. 6.—When President Roosevelt so sweepingly condemned Haskell for his alleged connection with the Standard Oil company, he perhaps forgot that in 1904 his Roosevelt's committee received \$100,000 from the Standard Oil company for the campaign fund, and spent it.

This statement by Alton B. Parker of New York brought to their feet in a burst of applause some 6,000 Democrats who assembled in Richmond Market hall to hear him, Senator John W. Daniel of Virginia, A. C. Bacon of New York and others, discuss the issues of the campaign.

Senator Isidor Rayner in introducing Mr. Parker gave, among other reasons why Bryan's election is to be desired, that he "is so little like Roosevelt."

DAVIS LOSES HORSES.

Animals Belonging to Author-Sheriff Are Stolen.

North Castle, N. Y., Oct. 6.—The stables on the country place of Richard Harding Davis, author and playwright, have been broken into and three valuable horses stolen. The occurrence is aggravating to Mr. Davis because of the fact that only a few weeks ago he was appointed a deputy sheriff of Westchester county, the news being spread far and wide and giving rise to considerable comment of a humorous character.

Bald Holdup in Minneapolis.

Minneapolis, Oct. 6.—A genuine Western holdup pulled off in the good oldfashioned way, was perpetrated late at night by two well-dressed young men, heavily masked with handkerchiefs and armed with heavy army revolvers, in the saloon of Peter Belline here. The bandits secured a little over \$35 and escaped.

Democrats are proposing the "Tag" game for the purpose of raising campaign funds. It is more genteel, at least, than the Taggart game for the same purpose.

New Waist Silks

A beautiful line of new waist silks have just been placed in stock. They are Persian designs with wide satin strips, plaids and the beautiful new chevron weaves. A representative line is displayed in our East window.

AMERICAN LEAGUE RACE.

Narrowed Down to a Contest Between Chicago and Detroit.

Chicago, Oct. 6.—The American League race has narrowed to a contest between Chicago and Detroit, Cleveland being eliminated by the victory of St. Louis. The best percentage now attainable by Cleveland is .584. Another victory for Detroit will leave a final percentage of .585, while Chicago, by defeating Detroit, will gain the flag with a percentage of .586.

Rain is predicted for Chicago, and in the event of a "no contest" or tie game, Detroit would again be the pennant winner, with its present percentage of .586.

City Treasurer Wright Called the
Attention of the City to
Coming Shortage

All members of the city council were
present Monday evening except Alder-
men Bouck and Drexler.

The minutes of the last regular
meeting were read and approved.

The report of the clerk of the munici-
pal court was presented to the coun-
cil, for the month of September, show-
ing total collection of \$113.60 and was
accepted and placed on file.

The report of the chief of police for
the month of September showing five
arrests during the month was present-
ed and approved.

The report of the fire department
was received and placed on file.

The report of the city clerk of re-
ceipts and disbursements for Septem-
ber was received and placed on file.

The pay roll of city officers was on
motion allowed.

The bill of Dr. Beise for attendance
on the Chord family, city charges under
diphtheria quarantine, was referred to
the city attorney.

The bill of H. P. Dunn for \$34.50 for
anti-toxin for Chord family was al-
lowed.

The police pay roll was on motion
allowed.

The pay rolls of the fire department
and of the firemen were allowed.

The bills for clerks and judges of the
primary election were allowed as fol-
lows:

First Ward..... \$ 32 75
Second Ward..... 29 00
Third Ward..... 43 55
Fourth Ward..... 38 75
Fifth Ward..... 41 75

The bill of J. F. Vaughn for alley
crossings and sidewalk approaches was
referred to the street committee.

The pay roll of the electric light de-
partment was on motion allowed.

Several bills for testing water sup-
plies were allowed, Aldermen Twohey,
Graham and Fogelstrom voting nay.

A bill for a pump for testing water
supply was objected to by Alderman
Twohey who claimed it was illegal.
He appealed to the city attorney to
stop it. He stated that the matter had
been taken from the committee to
whom it had been referred.

President Johnson stated that the
matter of testing water supply had
been ordered by resolution and placed
in the hands of no committee.

Alderman Farrar stated that the city
should know where it was to get the
water and the sooner it knew it the
better.

Alderman Twohey called for the
opinion of the city attorney who said
that if the money was to come from
the electric light funds the payment
could be enjoined. Alderman Farrar
stated that the work was being done to
determine the site of the electric light
and water plant.

On motion the bill was allowed.

Alderman Twohey called for the ayes
and nays on a bill for \$175 to apply on
the account of Geo. Cadogan Morgan.
Ayes, Bane, Turcotte, Farrar, Baker,
Johnson. Nays, Fogelstrom, Graham,
Twohey.

Alderman Fogelstrom called for the
ayes and nays on a bill for supplies to
be used in testing for water, with the
same result as on previous bills.

The bill of the Slipp-Gruenhagen Co.,
which had been referred to the finance
committee Sept. 8 was handed back by
Alderman Twohey and was on motion
referred to the purchasing committee.

A request from the chief of police
for repairs at the hose house was re-
ferred to the fire committee with power
to act.

A communication from property own-
ers on North Fifth street asking that
the north side be ordered curbed and
that Fifth street be made 40 feet be-
tween curbs was received and placed
on file.

A sidewalk was ordered laid along
the west side of block 19, Farrar &
Forsythe's addition to the city of
Brainerd, all members voting aye.

The application of J. C. Jamieson for
permission to transfer his saloon license
at 213 South Fifth street to George
Kappel was granted, all members vot-
ing aye.

The application of Freeman Young
for a saloon license at 301 South Sixth
street was granted, all voting aye.

The application of Wm. Gaslin for a
saloon license at 502 Laurel street was
granted subject to his execution of
bond and payment of fee.

City Treasurer Wright reported
again on the fact that there was no
money in sight to pay the October pay
roll or other expenses.

City Clerk Spencer presented the
bond of the Burgess Electric Co., in
lieu of their certified check. The bond
was on motion accepted and the check
ordered returned.

Judd Wright called the attention of

the council to the alleged fact that the
work on East Oak street was not be-
ing legally done and that no assess-
ments therefore could be collected, it
not having been advertised according
to law.

Alderman Twohey brought up the
matter of the Kindred street bridge,
declaring it unsafe. No action was
taken.

City Clerk Spencer called the attention
of the city council to the fact that there
were a number of deeds in his office
running to the city which had never
been recorded. He was ordered to have
this done.

D. C. Herbert was on motion granted
permission to occupy a portion of the
street at the corner of Sixth and Main
streets for building material, etc.

A communication was read from the
manager of the Western Port Huron
Co. and was on motion referred to the
city attorney.

The city attorney brought up the
matter of the need of some work at an
alley crossing near Geo. A. Keene's
place and it was referred to the street
committee.

City Attorney Ryan reported to the
city that Laura Cochran had brought

WHOLESALE GROCERY BUSINESS IN BEMIDJI

Will be Established by W. H.
Cleary, of this City and
Other Business Men

WILL BUILD SOLID BRICK BLOCK

In that City to Accommodate
the Business---T. J. Burke,
of Duluth, will be Manager

The city of Bemidji is to be congratulated
on the fact that a large whole-
sale grocery business will be estab-
lished in that city at once, and by one
of Brainerd's most hustling business
men as the leading spirit in the enter-
prise. Not only will the business be
established there, but a fine solid brick
block 75 by 100 feet will be constructed
at once to accommodate the business,
Contractor C. B. Rowley having been
awarded the contract for its immedi-
ate construction. The building will
cost about \$18,000 and will be built
with every modern convenience for a
wholesale grocery business. It will
be located near the M. & I. railway
depot with proper trackage to accom-
modate the prompt receipt and ship-
ment of goods.

Although Mr. Cleary will be the

will be under the direction of T. J.
Burke, who for many years was mana-
ger for Gowan, Peyton Twohey & Co.,
of Duluth, an experienced man at the
business, and the new firm will have
ample capital to carry a stock of goods
of sufficient size to compete with any
wholesale house in the larger cities.

We are pleased to state, however,
that while Mr. Cleary has divided his
business interests with the hustling
city to the north, he will continue to
reside in this city, and give his atten-
tion in part to the Brainerd house of
which he still has a controlling interest.

Gymnasium work opened at the as-
sociation yesterday afternoon and even-
ing the new juniors having their first
from 4 to 5:30 and the young men from
8 to 9:30. There were 13 in the junior
class and 12 in the young men's class.

Much interest is manifested and many
more are expected to join these classes
in a few days. Physical and medical
examinations are being given to the
men.

The gymnasium schedule thus far ar-
ranged is as follows:

from 8 to 9:30 p. m.

Juniors—Monday 4 to 5:30 p. m. and
Saturdays 10 to 11 a. m.

Intermediates—Thursdays 4 to 5:30 p.
m., Saturdays 9 to 10 a. m.

Leaders squad—Thursdays 8 to 9:30

The board of directors will hold its
monthly meeting Wednesday evening
at 8 o'clock and it will be an import-
ant one.

Last evening Messrs. H. A. Lyddon,
H. B. Thompson and J. F. Smart met

with the secretary to consider the me-
chanical drawing course. It was de-
cided to hold terms of eight weeks
each. The first term will open the first
week in November and the second the
first of the year. The charge will be
\$4.00 for the course of two terms to
members and \$10 to non-members.

Those interested in this work are re-
quested to meet at the Y. M. C. A.
Friday, Oct. 16 to get and idea as to
the nature of the course and the cost

and nature of the supplies needed.

SMALLER TAX LEVY IS ASKED

Size of the Schools has Varied
Little From That of First
Month Last Year

The board of education at its regular
meeting Monday evening decided to
employ a truant officer and take vigorous
steps to enforce the compulsory education
law. There are quite a number of
youngsters who should be in school,
who are running the streets, and whose
parents seem utterly indifferent to the
fact. The board will instruct the officer
not only to look after the children, but also
to see the parents and if they do not fulfill
the requirements of the law to prosecute
them.

The board also made the annual tax
levy at this meeting as follows:
For the operation of the schools \$ 35,000
Interest 3,900
Funds for payment of bonds
and interest 2,200

Total \$ 41,000

This is a trifle less than the levy of a
year ago, that having been \$43,955.

The monthly report of the superinten-
dence showed a total enrollment of
1914, as against 1906 last year and an
actual attendance of 1871 as against
1869 last year.

The monthly pay roll of teachers,
amounting to \$3526.25 and of janitors
\$275 was allowed.

The finance committee reported they
had checked up the quarterly report of
the treasurer and had found it correct.

The report of the superintendent

Jacobson Meeting Thursday

J. F. Jacobson will speak at the
opera house on Thursday evening, Oct.
8th, and as it is the first political meet-
ing to be held in this city the attendance
should be large. Mr. Jacobson is
the republican candidate for governor
and his talk will be on state issues,
which will be an interesting subject,
especially so as the gentleman is prob-
ably better posted on these matters,
and thereby better prepared to discuss
them, than any other man in the state.

MUSIC AND DRAMA

Coming Attractions
Oct. 9—"The Substitute"

The Substitute

An April shower play is the most apt
description of "The Substitute," the
new comedy in which the splendid
actor Max Figman will be seen, at the
opera house on Oct. 9th. Tears and
laughter follow one another in quick
succession and all the emotions of
pleasurable heart interest are aroused
and sustained from beginning to end.

"The Substitute" was written by Beau-
lah M. Dix and Evelyn Greenleaf Suther-
land who wrote the strange play,
"The Road to Yesterday," which fas-
cinated New York audiences for months.

"The Substitute" is described as a
comedy with a story that is full of
point and reason but told in an odd
way with lots of odd ideas. The title
role fits Mr. Figman's personality hap-
pily and brings out all his qualities as
an actor of character as well as come-
dy.

At The Unique

A strong program was presented at
the Unique last night the headliner being
"Twixt Love and Duty," a western
drama which touches the heart
strings. "How Simpkins Discovered

graph's masterpieces of the day. The
illustrated song is "Rose Touched by
the Sunshine," sung by Miss Kathleen
Graham. The program will be repeat-
ed tonight and tomorrow night.

Craig-Brady

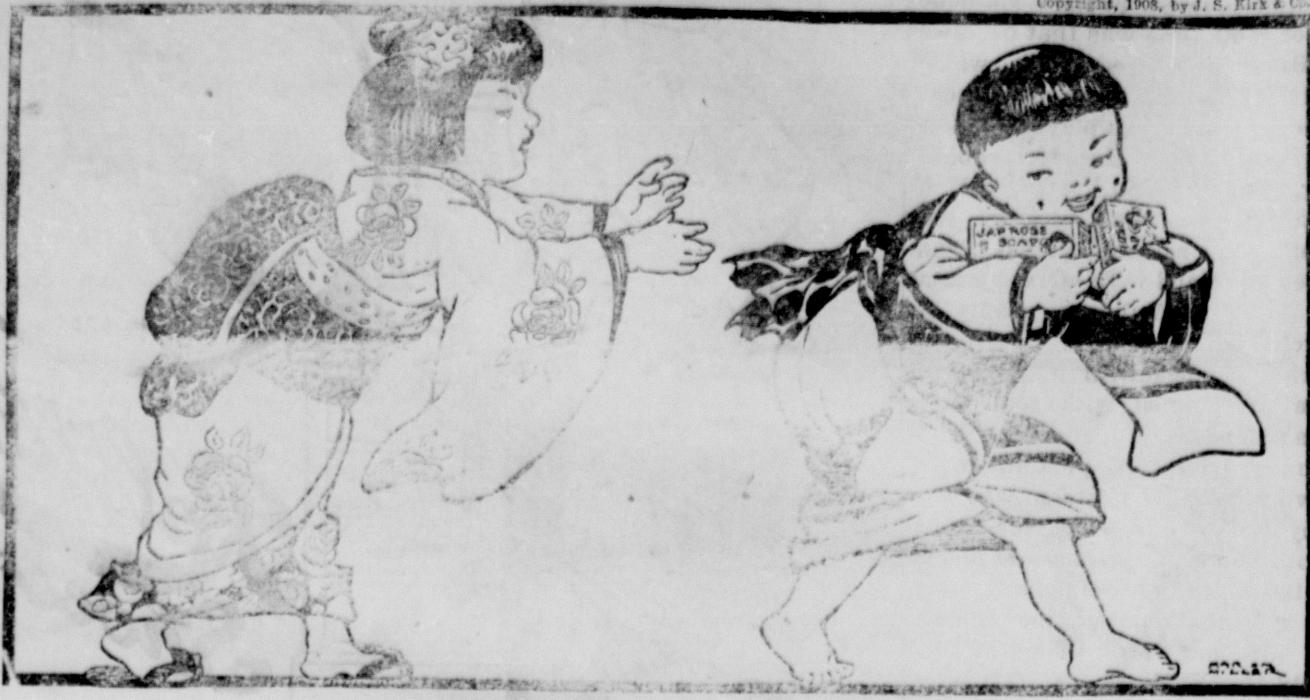

One of the prettiest weddings which
has taken place in St. Francis Catholic
church for some time was that of Miss
Aileen Brady and Fred Craig, which
occurred this morning at 8 o'clock.
The wedding march was played by Miss
Theresa Schultz, and Mrs. Nels Johnson
sang, "All for You," after which the
wedding mass was sung by the
choir, and the solemn words which
made them man and wife were spoken
by Rev. Father O'Mahoney, pastor of
the church.

The bride was beautiful in a gown of
white satin trimmed with real lace.
She was attended by her sister, Miss
Marie Brady who wore pink silk with
a lace overdress. The groom was at-
tended by John Brady, a brother of the
bride, both being in conventional black.

After the ceremony the bridal party
repaired to the home of the bride's
parents, Mr. and Mrs. Timothy H.
Brady, 516 North Ninth street, where
they received the congratulations of a
large circle of friends. The house was
decorated with autumn leaves and pre-
sented a beautiful appearance.

BRYAN RECEIVES WARM WELCOME

Nebraskan Talks to Big Crowd
in His Own State.

UNSPARING IN HIS ATTACKS

Democratic Presidential Candidate Scores Speaker Cannon, James S. Sherman and Judge Taft—Sticks to His Statement of Twelve Years Ago That the President Was Only a Hired Man—Discusses Campaign Contributions.

Havelock, Neb., Oct. 6.—W. J. Bryan was received here in a delirium of enthusiasm. His arrival from Lincoln in a special trolley car accompanied by 100 members of the Lincoln Home Guards, was the signal for the great demonstration. The carriage in which he rode to the city park, where he spoke to a large audience, composed mostly of workmen in the railroad shops, ran a gauntlet of red fire and Roman candles, while the throngs on the sidewalks vociferously cheered him.

His remarks dwelt mainly on the subject of campaign publicity, election of senators by direct vote of the people and the labor planks in the Denver platform. He was unsparing in his attacks on Speaker Cannon, Mr. Sherman, the Republican vice presidential candidate, and Mr. Taft. First referring to the criticism that heretofore had been heaped upon him for traveling over the country delivering political speeches, Mr. Bryan declared that he always had believed it was perfectly proper to speak to those who are to vote. He spoke of the fact that twelve years ago he had said that the president was only a hired man employed by the people to do what they wanted a president to do and that although he was criticised by New York papers for bringing the high office of president down to the level of a hired man, he had decided not to take the statement back. In his opinion every public official is a hired man.

Senators Are Hired Men.

"United States senators are hired men," he declared amid applause, "although they don't seem to think so, many of them."

Discussing the question of campaign contributions, Mr. Bryan declared that his Republican opponent had repudiated the action of those who had nominated him. The Democrats, he said, had been trying to find out why the Republicans had opposed publicity before elections, but that Mr. Taft had told them why. "When I tell you what Mr. Taft said," Mr. Bryan asserted, "I think you will blush if you are Republicans. Now I was surprised that he would say it. In fact, when the president said it I said to him: 'I don't believe Mr. Taft will say it; I don't believe he will dare to say what you say, because he is a candidate before the people.'

"Now what is Mr. Taft's objection? Why, his objection is that if you publish the contributions before the election political opponents will take advantage of the publication and will draw wrong inferences and false impressions that will prejudice the people against the candidates of the Republican party. Now do you know what it means to say that? Why, it means that Mr. Taft is conscious that his committee is receiving contributions which if they were known would excite criticism by the people. Now that is the admission that he makes."

BY BEING TWICE DEFEATED

Governor Hughes Says Mr. Bryan Did the Country a Great Service.

St. Paul, Oct. 6.—"Mr. Bryan did the country a great service by being twice defeated. Had he been elected twelve years ago he would not be a candidate now, but would have gone down in the disaster of his own fallacies."

In a speech here, Governor Charles E. Hughes of New York thus summed up why he was working for the defeat of the Democratic candidate for president. Mr. Bryan's proposed remedies for the correction of national evils, said Governor Hughes, were "impossible panaceas and cure-alls."

The governor, after speaking at fourteen towns on the tour which in the next five days is to take him through the Middle Western states, appeared to be almost free of the throat trouble which threatened his voice. Large crowds, composed in some instances mostly of farmers, greeted him at La Crosse, Wis., and in Minnesota at Winona, St. Charles, Dodge Center, Mankato and other stops.

Governor Hughes said he once came near not being governor of New York, because in his youth he had seriously contemplated becoming a Minnesotan.

University Building Burned.

Minneapolis, Oct. 6.—Anatomy hall, formerly the medical building at the state university, has been totally destroyed by fire. Only the thick walls remain of the building which was visited by destructive fires three, four and five years ago. The fire also leaped over the Millard hall about three feet south of anatomy hall and caused a damage of about \$1,000. The damage to anatomy hall and its contents is estimated at about \$15,000.

CELEBRATE ANNIVERSARY.

Business in Philadelphia at a Complete Standstill.

Philadelphia, Oct. 6.—Business in Philadelphia was a standstill all day while the citizens gave themselves over to the celebration of the 225th birthday anniversary of the city. Probably the greatest throng that ever gathered along Broad street witnessed the military parade, which called out 20,000 soldiers and sailors of the United States and of the national guard of Pennsylvania.

In addition to this first of the variety of spectacular parades planned in connection with the celebration of Founders' week, there were a number of incidents and events fraught with historic significance. At night the city is a blaze of light.

The day began with a salute of thirteen guns, fired from each of the warships in the harbor, and the trumpeting of mounted heralds in mediaeval costumes on the plaza of the city hall. Events followed fast from that time until the long military column moved down North Broad street from Susquehanna avenue. At the head of the national guard rode Governor Stuart and his staff.

Costly Fire in Manila.

Manila, Oct. 6.—The extensive plant of the Philippine Products company has been destroyed by fire, causing damage in excess of \$200,000, largely covered by insurance. A large quantity of copra and copra oil and copra was burned. The plant was largely owned by New York people.

Two Men Drowned.

Sault Ste. Marie, Ont., Oct. 6.—Two men, Captain John Hunter of Sarnia and Fred Shields of Duluth, were drowned near Whitefish, on Lake Superior, by the overturning of a scow belonging to the Reid Wrecking company.

Strike Disorders Renewed.

New York, Oct. 6.—After a day of comparative quiet there was a renewal of the disorders that accompanied the strike of the taxicab drivers Saturday and Sunday. In an effort to compel strike-breakers to cease operating machines, stones and other missiles were hurled at them. Several were injured and the windows of a number of machines were broken.

Fairbanks in Indiana.

Lebanon, Ind., Oct. 6.—Vice President Fairbanks addressed a large audience here. The Grand Opera House was packed and several thousand were turned away. Preceding the speech, there was a parade, which was reviewed by the vice president. After the speaking, Mr. Fairbanks greeted the people by shaking hands with all who came forward.

WAR MAY YET BE AVERTED.

Turkey Not in Position to Engage in Conflict.

WHOLE AFFAIR A SURPRISE

British Government Astonished at Rapid Changes in European Politics Within a Week—France Has Essayed the Role of Mediator With the Object of Preventing War Between Turkey and Bulgaria.

London, Oct. 6.—In the ancient capital of Tirovno the independence of Bulgaria has been proclaimed, with the czar of the Bulgarians as a ruler. Czar of the Bulgarians is recognized to mean more than czar of Bulgaria, because it is a distinct intimation that he regards his country as having sovereignty over all the people of that blood in the East. Within a day or two Austria-Hungary, which has been working with Prince Ferdinand in this preconcerted plan, will proclaim the new status of Bosnia and Herzegovina. The question, which has been stirring the whole of Europe more deeply than any similar question in the memory of the present generation, is, does it mean war? From all the capitals come reports indicating that it means first of all, another European congress of the signers of the treaty of Berlin to consider the situation and probably to revise the treaty. Turkey, caught in a moment of weakness, is the victim of this situation and while some internal animosities have been stirred up, probably no power is willing to make war. Reports from the emancipated Turkish press to London indicate that the "Young Turks" will swallow this bitter pill as best they can, and if they do, naturally the Bulgarians, while willing and eager for war, will have no cause on which to base the beginning of hostilities.

From the British standpoint the whole affair has been a surprise, and more than a surprise, because for the first time in years the British government felt itself, with apparently a perfect understanding with France and Russia and complete friendship with Italy, to be in a position where it dominated European politics, serving out of this consideration the almost enmity between itself and Germany. It is certain that France, Russia, Great Britain and Italy will do their utmost to judge what means will best attain this end. All depends on what will happen at Constantinople, and events which will now rapidly ensue might very shortly place the powers in the presence of "fait accompli," and completely modify the aspect of affairs.

The idea of an international conference charged with the duty of deciding upon a revision of the treaty of Berlin, would seem to be put forward with a certain persistence in certain political circles. However, the disposition of Turkey in that respect must be first ascertained. If Turkey is favorably inclined to this it is believed that the powers can easily reach an agreement on the principle of a conference, the initiative for which France, Great Britain and Russia will take. But these are only hypotheses which for the present must be regarded with reserve."

The view is now held here that there has been a double move on the part of Bulgaria and Austria-Hungary, these two countries acting together, and that Germany and Italy were advised of it in advance. Russia also received an intimation of the plan, but M. Iswolsky asserts that he was not let fully into the secret and in some respects was misled.

GERMAN OFFICIAL VIEW.

Set Forth in a Statement That Has Just Been Issued.

Berlin, Oct. 6.—The German official view in the situation with regard to the Bulgarian independence and the annexation of Bosnia by Austria-Hungary is set forth in a statement which has just been issued. It says:

"Germany will not depart from its position of reserve while awaiting the decision of the Turkish cabinet with which the question of peace or war momentarily lies. It is possible that, despite its peaceful disposition, Turkey may be obliged to draw the sword with the virtually simultaneous issue of the proclamations of Bulgaria's independence and Austria's annexation of the occupied provinces. This did not result from conspiracy on the part of the two countries. Austria has the right of annexation according to the terms of the Berlin treaty; under this treaty Bulgaria does not possess rights."

The emperor still remains at Rostock, where he is shooting, and Chancellor von Buelow will not interrupt his vacation at Norderney.

Cuban Town Suffers From Storm. Havana, Oct. 6.—Baracoa, on the northeast coast, suffered severely from a heavy storm. The custom house, which was in the course of construction, and many other buildings were destroyed. An American schooner was wrecked, but the crew was saved.

Mr. Bryan insists that the Republican party has adopted or adapted all of his policies. In that case why should he be trying to defeat the Republican party?

CROWDS WANT TO HEAR TAFT

So Train Stops at Towns Not on the Schedule.

PLEASED WITH HIS RECEPTION

Republican Candidate Gratified at the Enthusiasm and Friendliness Exhibited in Kansas and Missouri. Thinks Lesser State Will Become a Regular Resident Among Republicans.

Macon, Mo., Oct. 6.—Judge William H. Taft made three speeches in Kansas and thirteen in Missouri. Eight of the stops in the "show me state" were arranged upon urgent demands from towns through which the special was to have passed without stopping. This resulted in delaying the Taft special more than an hour and the big audience at this place had to wait nearly 10 o'clock for the appearance of the candidate.

While the name Bryan was heard more than during any previous day of the trip, Mr. Taft's reception has been such as to cause him to express surprise and gratification, not only as to the number of people he has been able to address, but as to their cordial indication of friendliness. Speaking of his reception at several of the stops, Mr. Taft said:

"It is an augury that Missouri is going to 'show' somebody at the next election that she does not intend to remain a mysterious stranger, but will become a regular resident among Republicans."

Throughout the day Mr. Taft hammered away on the necessity for the voters of the country to understand that a Democratic tariff revision meant a destruction of the market and prices of the product of the farm; that Republican revision meant a continuation of present prices and prosperity. He told the Missourians about the Bryan proposition with respect to the trusts—that the Nebraskan would destroy them by putting trust-made articles on the free list and by making a law prohibiting a trust from manufacturing or controlling more than 50 per cent of any article. While such a law, Mr. Taft believed, would be very difficult to enact, he predicted that its enforcement would be most disastrous.

Taft's Definition of a Democrat. At South St. Joseph Mr. Taft was led into giving his definition of a Democrat. Because of the introduction he received to a large gathering of stock yards employes, by John Donovan, president of the stock exchange at that place, Mr. Donovan is a Democrat. Replying to Mr. Donovan's introduction, Judge Taft said:

"Mr. Donovan says that he is a Democrat. That is only an historical designation. It does not refer to existing conditions, because there are many definitions of what a Democrat is and ought to be, that when a man says he is a Democrat, it does not indicate how he is going to vote."

Rain began falling before the special had made its second stop and throughout the day the crowds which came to the railroad stations and to the meeting places braved a steady, continuous drizzle. The day's itinerary began with an extra meeting held on the steps of the public library at Kansas City, Kan. The crowd here was composed of thousands and the enthusiasm was marked. At Leavenworth Mr. Taft talked to many old soldiers from the veterans' home there and also to workmen. Atchison was the last stop in Kansas and gave the candidate a rousing farewell from the city, to which he promised to come again.

The entrance into Missouri was made at St. Joseph. The stock yards meeting was followed by a talk to the employes of the Burlington shops; an address to thousands at the union station; an automobile ride to the opera house, which was packed, and the entrance jammed with people. Here Mr. Taft made a general speech, in review of what his party had done in comparison with what the opposition had accomplished. The enthusiasm was marked and his utterances well received. Then telegrams began coming in from towns along the route and the requests for stops were acceded to.

At Stanbury, which has but a small population, there was a big crowd, which was explained by the hundreds of farmers' conveyances hitched along the road. Darlington, McFall, Pattonsburg, Gallatin, Savannah, Rosedale, Bolckow and Barnard were all added places of call. Judge Taft also delivered addresses at Marysville and Chillicothe before his arrival in this city.

All of the blast furnaces in southern Illinois have been reopened, doing their share toward blasting Democratic hopes of success in that state.

STANDARD OIL CASE.

Trust Tries to Prove It Did Not Get Preferential Rates.

Chicago, Oct. 6.—Counsel for the defense in the suit of the government to dissolve the Standard Oil company introduced testimony before Judge Franklin Ferries in the railroad rate phase of the case tending to disprove the government's contention that the oil company was the recipient of preferential rates in the shipment of oil and oil products from its various refineries.

The only witness examined was Henry E. Felton, president of the Union Tank Line and the general traffic manager of the Standard Oil company, who contrasted the rates between Whiting, Ind., and Cairo, Ill.; Evansville, Ind., Jeffersonville, Ind., and Cincinnati, on the direct lines, and the rates by way of Detroit and Toledo.

In substance, the testimony was that the Ohio river points being known as the Southern gateways and being practically equidistant from Whiting or Chicago, received the same rates, and that the same rate was made by the railroads running through Detroit and Toledo in order to get business.

Figures presented by the defense showing the number of carloads of oil shipped from various Standard Oil refineries were objected to by the government and caused controversy between Attorney Rosenthal for the company and Frank B. Kellogg, special counsel for the government.

PACE WAS TOO FAST.

Engine of Sherman's Special Train Disabled.

Elkhart, Ind., Oct. 6.—In an effort to catch up with his schedule, James S. Sherman's special train, which traversed the entire length of the Hoosier state, made seventy-two miles an hour over a part of the route, one mile being reeled off in forty-nine seconds. The pace was so fast that the engine was disabled and the train was again delayed until another engine was secured. Nine towns were included in the day's itinerary, starting with Evansville and ending at Elkhart, Indiana, the home of the Democratic vice presidential candidate, John W. Kern, was visited for five minutes. In a brief talk, Mr. Sherman paid a tribute to Mr. Kern's personality and asked that his neighbors convey an invitation to him to be present at the White House on March 4 to witness the inauguration of a Republican vice president.

This rally of Mr. Sherman was greeted with much merriment.

ROOSEVELT SCORED BY JUDGE PARKER

Says Oil Trust Contributed to His Campaign Fund.

Baltimore, Oct. 6.—When President Roosevelt so sweepingly condemned Haskell for his alleged connection with the Standard Oil company, he perhaps forgot that in 1904 his, Roosevelt's committee received \$100,000 from the Standard Oil company for the campaign fund, and spent it.

This statement by Alton B. Parker of New York brought to their feet in a burst of applause some 6,000 Democrats who assembled in Richmond Market hall to hear him, Senator John W. Daniel of Virginia, A. C. Bacon of New York and others, discuss the issues of the campaign.

Senator Istidor Rayner in introducing Mr. Parker gave, among other reasons why Bryan's election is to be desired, that he "is so little like Roosevelt."

DAVIS LOSES HORSES.

Animals Belonging to Author-Sheriff Are Stolen.

North Castle, N. Y., Oct. 6.—The stables on the country place of Richard Harding Davis, author and playwright, have been broken into and three valuable horses stolen. The occurrence is aggravating to Mr. Davis because of the fact that only a few weeks ago he was appointed a deputy sheriff of Westchester county, the news being spread far and wide and giving rise to considerable comment of a humorous character.

Bald Holdup in Minneapolis. Minneapolis, Oct. 6.—A genuine Western holdup pulled off in the good old-fashioned way, was perpetrated late at night by two well-dressed young men, heavily masked with handkerchiefs and armed with heavy army revolvers, in the saloon of Peter Belline here. The bandits secured a little over \$35 and escaped.

Democrats are proposing the "Tag" game for the purpose of raising campaign funds. It is more genteel, at least, than the Taggart game for the same purpose.

New Waist Silks

A beautiful line of new waist silks have just been placed in stock. They are Persian designs with wide satin strips, plaids and the beautiful new chevron weaves. A representative line is displayed in our East window.

INVALID ENDS HIS LIFE.

Feared His Illness Would Impoverish His Family.

East St. Louis, Ill., Oct. 6.—To prevent his wife and eight children from becoming impoverished by his own illness, August Figi cut the arteries in his wrists and died in the Henrietta hospital here. Almost the last thing he said to his wife was:

"It is no use wasting what little money we have in doctors' bills and medicine for me. The children need it for winter clothes."

Figi was forty-nine years old. He worked in a paint factory grinding lead. This poisoned him and brought on a wasting disease.

AMERICAN LEAGUE RACE.

Narrowed Down to a Contest Between Chicago and Detroit.

Chicago, Oct. 6.—The American League race has narrowed to a contest between Chicago and Detroit, Cleveland being eliminated by the victory of St. Louis. The best percentage now attainable by Cleveland is .584. Another victory for Detroit will leave a final percentage of .585, while Chicago, by defeating Detroit, will gain the flag with a percentage of .586.

Rain is predicted for Chicago, and in the event of a "no contest" or the game, Detroit would again be the pennant winner, with its present percentage of .586.

Games in the American League resulted as follows:

At Chicago, 6; Detroit, 1.

At Boston, 4; New York, 0.

At Washington, 3; Philadelphia, 0.

At St. Louis, 3; Cleveland, 1. Second game—St. Louis, 3; Cleveland, 5.

National League.

At New York, 8; Boston, 1.

At Philadelphia, 1; Brooklyn, 6.

Second game—Philadelphia, 4; Brooklyn, 2.

THEY WILL BE SHORT OF CASH

City Treasurer Wright Called the
Attention of the City to
Coming Shortage

All members of the city council were
present Monday evening except Alder-
men Bouck and Drexler.

The minutes of the last regular
meeting were read and approved.

The report of the clerk of the
municipal court was presented to the coun-
cil, for the month of September, show-
ing total collection of \$113.60 and was
accepted and placed on file.

The report of the chief of police for
the month of September showing five
arrests during the month was present-
ed and approved.

The report of the fire department
was received and placed on file.

The report of the city clerk of re-
ceipts and disbursements for Septem-
ber was received and placed on file.

The pay roll of city officers was on
motion allowed.

The bill of Dr. Beise for attendance
on the Chord family, city charges under
diphtheria quarantine, was referred to
the city attorney.

The bill of H. P. Dunn for \$34.50 for
anti-toxin for Chord family was al-
lowed.

The police pay roll was on motion
allowed.

The pay rolls of the fire department
and of the firemen were allowed.

The bills for clerks and judges of the
primary election were allowed as fol-
lows:

First Ward.....	\$ 32 75
Second Ward.....	29 00
Third Ward.....	43 55
Fourth Ward.....	38 75
Fifth Ward.....	41 75

The bill of J. F. Vaughn for alley
crossings and sidewalk approaches was
referred to the street committee.

The pay roll of the electric light de-
partment was on motion allowed.

Several bills for testing water sup-
plies were allowed, Aldermen Twohey,
Graham and Fogelstrom voting nay.

A bill for a pump for testing water
supply was objected to by Alderman
Twohey who claimed it was illegal.
He appealed to the city attorney to
stop it. He stated that the matter had
been taken from the committee to
whom it had been referred.

President Johnson stated that the
matter of testing water supply had
been ordered by resolution and placed
in the hands of no committee.

Alderman Farrar stated that the city
should know where it was to get the
water and the sooner it knew it the
better.

Alderman Twohey called for the
opinion of the city attorney who said
that if the money was to come from
the electric light funds the payment
could be enjoined. Alderman Farrar
stated that the work was being done to
determine the site of the electric light
and water plant.

On motion the bill was allowed.

Alderman Twohey called for the ayes
and nays on a bill for \$175 to apply on
the account of Geo. Cadogan Morgan.
Ayes, Bane, Turcotte, Farrar, Baker,
Johnson. Nays, Fogelstrom, Graham,
Twohey.

Alderman Fogelstrom called for the
ayes and nays on a bill for supplies to
be used in testing for water, with the
same result as on previous bills.

The bill of the Slipp-Gruenhagen Co.
which had been referred to the finance
committee Sept. 8 was handed back by
Alderman Twohey and was on motion
referred to the purchasing committee.

A request from the chief of police
for repairs at the hose house was re-
ferred to the fire committee with power
to act.

A communication from property own-
ers on North Fifth street asking that
the north side be ordered curbed and
that Fifth street be made 40 feet be-
tween curbs was received and placed
on file.

A sidewalk was ordered laid along
the west side of block 19, Farrar &
Foray's addition to the city of
Brainerd, all members voting aye.

The application of J. C. Jamieson for
permission to transfer his saloon license
at 213 South Fifth street to George
Kappel was granted, all members vot-
ing aye.

The application of Freeman Young
for a saloon license at 301 South Sixth
street was granted, all voting aye.

The application of Wm. Gaslin for a
saloon license at 502 Laurel street was
granted subject to his execution of
bond and payment of fee.

City Treasurer Wright reported
again on the fact that there was no
money in sight to pay the October pay
roll or other expenses.

City Clerk Spencer presented the
bond of the Burgess Electric Co., in
lieu of their certified check. The bond
was on motion accepted and the check
returned.

Judd Wright called the attention of

the council to the alleged fact that the
work on East Oak street was not being
legally done and that no assessments
therefore could be collected, it
not having been advertised according
to law.

Alderman Twohey brought up the
matter of the Kindred street bridge,
declaring it unsafe. No action was
taken.

City Clerk Spencer called the attention
of the city council to the fact that there
were a number of deeds in his office
running to the city which had never
been recorded. He was ordered to have
this done.

D. C. Herbert was on motion granted
permission to occupy a portion of the
street at the corner of Sixth and Main
streets for building material, etc.

A communication was read from the
manager of the Western Port Huron
Co. and was on motion referred to the
city attorney.

The city attorney brought up the
matter of the need of some work at an
alley crossing near Geo. A. Keene's
place and it was referred to the street
committee.

City Attorney Ryan reported to the
city that Laura Cochran had brought
suit for damages in the amount of \$15,-
000 in the United States court at Du-
luth.

The council then adjourned.

WHOLESALE GROCERY BUSINESS IN BEMIDJI

Will be Established by W. H.
Cleary, of this City and
Other Business Men

WILL BUILD SOLID BRICK BLOCK

In that City to Accommodate
the Business---T. J. Burke,
of Duluth, will be Manager

The city of Bemidji is to be congratulated
on the fact that a large wholesale
grocery business will be established
in that city at once, and by one of
Brainerd's most hustling business
men as the leading spirit in the enter-
prise. Not only will the business be
established there, but a fine solid brick
block 75 by 100 feet will be constructed
at once to accommodate the business,
Contractor C. B. Rowley having been
awarded the contract for it's immediate
construction. The building will
cost about \$18,000 and will be built
with every modern convenience for a
wholesale grocery business. It will
be located near the M. & I. railway
depot with proper trackage to accom-
modate the prompt receipt and ship-
ment of goods.

Although Mr. Cleary will be the
principal owner, the direct manage-
ment of the business for the present
will be under the direction of T. J.
Burke, who for many years was mana-
ger for Gowan, Peyton Twohey & Co.,
of Duluth, an experienced man at the
business, and the new firm will have
ample capital to carry a stock of goods
of sufficient size to compete with any
wholesale house in the larger cities.

We are pleased to state, however,
that while Mr. Cleary has divided his
business interests with the hustling
city to the north, he will continue to
reside in this city, and give his atten-
tion in part to the Brainerd house of
which he still has a controlling interest.

day the date of the McEwen meeting

meeting will be held at Gardner's hall
tonight.

Y. M. C. A. Notes

Gymnasium work opened at the as-
sociation yesterday afternoon and even-
ing the new juniors having their first
from 4 to 5:30 and the young men from
8 to 9:30. There were 18 in the junior
class and 12 in the young men's class.
Much interest is manifested and many
more are expected to join these classes
in a few days. Physical and medical
examinations are being given to the
men.

The gymnasium schedule thus far ar-
ranged is as follow:

Young men—Monday and Wednesday
from 8 to 9:30 p. m.

Juniors—Monday 4 to 5:30 p. m. and
Saturdays 10 to 11 a. m.

Intermediates—Thursdays 4 to 5:30 p.
m., Saturdays 9 to 10 a. m.

Leaders squad—Thursdays 8 to 9:30
p. m.

The board of directors will hold its
monthly meeting Wednesday evening at
8 o'clock and it will be an import-
ant one.

Last evening Messrs. H. A. Lyddon,
H. B. Thompson and J. F. Smart met
with the secretary to consider the
mechanical drawing course. It was de-
cided to hold terms of eight weeks
each. The first term will open the first
week in November and the second the
first of the year. The charge will be
\$4.00 for the course of two terms to
members and \$10 to non-members.

Those interested in this work are re-
quested to meet at the Y. M. C. A.
Friday, Oct. 16 to get an idea as to
the nature of the course and the cost
of the course.

City Clerk Spencer presented the
bond of the Burgess Electric Co., in
lieu of their certified check. The bond
was on motion accepted and the check
returned.

BOARD TO GET AFTER PARENTS

Board of Education Will Appoint
Truant Officer to Look Af-

SMALLER TAX LEVY IS ASKED

Size of the Schools has Varied
Little From That of First
Month Last Year

The board of education at its regular
meeting Monday evening decided to
employ a truant officer and take vigorous
steps to enforce the compulsory education
law. There are quite a number of young-
sters who should be in school, who are running
the streets, and whose parents seem utterly indif-
ferent to the fact. The board will instruct
the officer not only to look after the
children, but also to see the parents and if they do not fulfill the
requirements of the law to prosecute them.

The board also made the annual tax
levy at this meeting as follows,

For the operation of the schools \$ 35,000
Interest 3,900
Funds for payment of bonds and interest 2,200
Total \$ 41,000

This is trifle less than the levy of a year ago, that having been \$43,955.

The monthly report of the superinten-
dendent showed total enrollment of
1914, as against 1906 last year and an
actual attendance of 1871 as against
1869 last year.

The monthly pay roll of teachers,
amounting to \$3526.25 and of janitors
\$275 was allowed.

The finance committee reported they
had checked up the quarterly report of
the treasurer and had found it correct.

The report of the superintendent on
the book room was read and approved.

Jacobson Meeting Thursday

J. F. Jacobson will speak at the
opera house on Thursday evening, Oct.
8th, and as it is the first political meet-
ing to be held in this city the attendance
should be large. Mr. Jacobson is the
republican candidate for governor and
his talk will be on state issues, which will be an interesting subject,
especially so as the gentleman is prob-
ably better posted on these matters,
and thereby better prepared to discuss
them, than any other man in the state.

MUSIC AND DRAMA

Coming Attractions

Oct. 9—"The Substitute"

The Substitute

An April shower play is the most apt
description of "The Substitute" the
new comedy in which the splendid
actor Max Figman will be seen, at the
opera house on Oct. 9th. Tears and
laughter follow one another in quick
succession and all the emotions of
pleasurable heart interest are aroused
and sustained from beginning to end.
"The Substitute" was written by Beau-
lah M. Dix and Evelyn Greenleaf Suther-
land who wrote the strange play,
"The Road to Yesterday," which fasci-
nated New York audiences for months.
"The Substitute" is described as a
comedy with a story that is full of
point and reason but told in an odd
way with lots of odd ideas. The title
role fits Mr. Figman's personality hap-
pily and brings out all his qualities as
an actor of character as well as comedy.

At The Unique

A strong program was presented at
the Unique last night the headliner being
"Twixt Love and Duty," a western
drama which touches the heart
strings. "How Simpkins Discovered the
North Pole," is one of the Vinton-
graph's masterpieces of the day. The
illustrated song is "Rose Touched by the
Sunshine," sung by Miss Kathleen
Graham. The program will be repeated
tonight and tomorrow night.

How to Get Strong

P. J. Daly, of 1247 W. Congress St.,
Chicago, tells of a way to become
strong. He says: "My mother who
is old and very feeble, is deriving so
much benefit from Electric Bitters,
I that feel it's my duty to tell those
who need a tonic and strengthening
medicine about it. In my mother's case
a marked gain in flesh has re-
sulted, insomnia has been overcome,
and she is steadily growing stronger."
Electric Bitters quickly remedy stom-
ach, liver and kidney complaints. Sold

Craig-Brady

One of the prettiest weddings which
has taken place in St. Francis Catholic
church for some time was that of Miss
Aileen Brady and Fred Craig, which
occurred this morning at 8 o'clock.
The wedding march was played by Miss
Theresa Schultz, and Mrs. Neil John-
son sang, "All for You," after which
the wedding mass was sung by the
choir, and the solemn words which
made them man and wife were spoken
by Rev. Father O'Mahoney, pastor of
the church.

The bride was beautiful in a gown of
white satin trimmed with real lace.
She was attended by her sister, Miss
Marie Brady who wore pink silk with
a lace overdress. The groom was at-
tended by John Brady, a brother of the
bride, both being in conventional black.

After the ceremony the bridal party
repaired to the home of the bride's
parents, Mr. and Mrs. Timothy H.
Brady, 516 North Ninth street, where
they received the congratulations of a
large circle of friends. The house was
decorated with autumn leaves and pre-
sented a beautiful appearance.

It was given out that the happy couple

one at a time and took waiting car-
riage, but whether for Crow Wing or
Baxter, none of the friends who were
so kindly waiting with rice and old
shoes knew for certain. It had been
given out that they were going to the
twin cities and Chicago on a honeymoon
trip. The bride's going away gown
was a beautiful brown broadcloth with
a long coat.

UNSPARING IN HIS ATTACKS

Democratic Presidential Candidate Scores Speaker Cannon, James S. Sherman and Judge Taft—Sticks to His Statement of Twelve Years Ago That the President Was Only a Hired Man—Discusses Campaign Contributions.

Havelock, Neb., Oct. 6.—W. J. Bryan was received here in a delirium of enthusiasm. His arrival from Lincoln in a special trolley car accompanied by 100 members of the Lincoln Home Guards, was the signal for the great demonstration. The carriage in which he rode to the city park, where he spoke to a large audience, composed mostly of workmen in the railroad shops, ran a gauntlet of red fire and Roman candles, while the throngs on the sidewalks vociferously cheered him.

His remarks dwelt mainly on the subject of campaign publicity, election of senators by direct vote of the people and the labor planks in the Denver platform. He was unsparing in his attacks on Speaker Cannon, Mr. Sherman, the Republican vice presidential candidate, and Mr. Taft. First referring to the criticism that heretofore had been heaped upon him for traveling over the country delivering political speeches, Mr. Bryan declared that he always had believed it was perfectly proper to speak to those who are to vote. He spoke of the fact that twelve years ago he had said that the president was only a hired man employed by the people to do what they wanted a president to do and that although he was criticised by New York papers for bringing the high office of president down to the level of a hired man, he had decided not to take the statement back. In his opinion every public official is a hired man.

Senators Are Hired Men.

"United States senators are hired men," he declared amid applause, "although they don't seem to think so, many of them."

Discussing the question of campaign contributions, Mr. Bryan declared that his Republican opponent had repudiated the action of those who had nominated him. The Democrats, he said, had been trying to find out why the Republicans had opposed publicity before elections, but that Mr. Taft had told them why. "When I tell you what Mr. Taft said," Mr. Bryan asserted, "I think you will blush if you are Republicans. Now I was surprised that he would say it. In fact, when the president said it I said to him: 'I don't believe Mr. Taft will say it; I don't believe he will dare to say what you say, because he is a candidate before the people.'

"Now what is Mr. Taft's objection? Why, his objection is that if you publish the contributions before the election political opponents will take advantage of the publication and will draw wrong inferences and false impressions that will prejudice the people against the candidates of the Republican party. Now do you know what it means to say that? Why, it means that Mr. Taft is conscious that his committee is receiving contributions which if they were known would excite criticism by the people. Now that is the admission that he makes."

BY BEING TWICE DEFEATED

Governor Hughes Says Mr. Bryan Did the Country a Great Service.

St. Paul, Oct. 6.—"Mr. Bryan did the country a great service by being twice defeated. Had he been elected twelve years ago he would not be a candidate now, but would have gone down in the disaster of his own fallacies."

In a speech here, Governor Charles E. Hughes of New York thus summed up why he was working for the defeat of the Democratic candidate for president. Mr. Bryan's proposed remedies for the correction of national evils, said Governor Hughes, were "impossible panaceas and cure-alls."

The governor, after speaking at fourteen towns on the tour which in the next five days is to take him through the Middle Western states, appeared to be almost free of the throat trouble which threatened his voice. Large crowds, composed in some instances mostly of farmers, greeted him at La Crosse, Wis., and in Minnesota at Winona, St. Charles, Dodge Center, Mankato and other stops.

Governor Hughes said he once came near not being governor of New York, because in his youth he had seriously contemplated becoming a Minnesotan.

University Building Burned.

Minneapolis, Oct. 6.—Anatomy hall, formerly the medical building at the state university, has been totally destroyed by a fire. Only the thick walls remain of the building which was visited by destructive fires three, four and five years ago. The fire also leaped over the Millard hall about three feet south of anatomy hall and caused a damage of about \$1,000. The damage to anatomy hall and its contents is estimated at about \$15,000.

CELEBRATE ANNIVERSARY.

Business in Philadelphia at a Complete Standstill.

Philadelphia, Oct. 6.—Business in Philadelphia was a standstill all day while the citizens gave themselves over to the celebration of the 225th birthday anniversary of the city. Probably the greatest throng that ever gathered along Broad street witnessed the military parade, which called out 20,000 soldiers and sailors of the United States and of the national guard of Pennsylvania.

In addition to this first of the variety of spectacular parades planned in connection with the celebration of Founders' week, there were a number of incidents and events fraught with historic significance. At night the city is a blaze of light.

The day began with a salute of thirteen guns, fired from each of the warships in the harbor, and the trumpeting of mounted heralds in mediaeval costumes on the plaza of the city hall. Events followed fast from that time until the long military column moved down North Broad street from Susquehanna avenue. At the head of the column rode Governor Stuart and his staff.

Costly Fire in Manila.

Manila, Oct. 6.—The extensive plant of the Philippine Products company has been destroyed by fire, causing damage in excess of \$200,000, largely covered by insurance. A large quantity of cocoanut oil and copra was burned. The plant was largely owned by New York people.

Two Men Drowned.

Sault Ste. Marie, Ont., Oct. 6.—Two men, Captain John Hunter of Sarnia and Fred Shields of Duluth, were drowned near Whitefish, on Lake Superior, by the overturning of a scow belonging to the Held Wrecking company.

Strike Disorders Renewed.

New York, Oct. 6.—After a day of comparative quiet there was a renewal of the disorders that accompanied the strike of the taxicab drivers Saturday and Sunday. In an effort to compel strike-breakers to cease operating, machines, stones and other missiles were hurled at them. Several were injured and the windows of a number of machines were broken.

Fairbanks in Indiana.

Lebanon, Ind., Oct. 6.—Vice President Fairbanks addressed a large audience here. The Grand Opera House was packed and several thousand were turned away. Preceding the speech, there was a parade, which was reviewed by the vice president. After the speaking, Mr. Fairbanks greeted the people by shaking hands with all who came forward.
